## VITAL FEATURES

### LOUSY LAW.....3

Perhaps the TV Western *Bounty Law* will someday be referenced in a Tarantino movie called *Once Upon a Time in Hollywood*. Till then, a parody!

### THE LIGHTER SIDE OF NEWFANGLED LIVING.....10

It can certainly be a big challenge always trying to keep up with modern trends. For example: non-receding hairlines are now currently "in."

### A MAD LOOK AT VEGETARIANS.....19

"But where do you get your protein?" the crazy omnivore screamed into the vacuum of deep space—his final, unheard words before freezing to death.

### THE MONOTONOUS MRS. MAZEL.....30

If Joan Rivers can appear on both Jack Paar's and Johnny Carson's *The Tonight Show*, we guess this whole "lady comedian" craze could catch on.

### WHEN DISNEY ADDS FOX TO DISNEYLAND.....36

If Fox's 1963 film *Cleopatra* starring Elizabeth Taylor is any indication, they'll need a corporate buyout faster than you can say "Tomorrowland"!

### LET'S HAVE FUN WITH FAMILY CAMPING TRIPS!.....38

Log cabins, leeches, and locusts: oh my! You'll miss the urban sprawl's crisp fresh air when you're stuck in a tent with a sweaty, stupid older brother.

### IF BATMAN WERE ACTUALLY 80 YEARS OLD.....41

It's hard to believe that the dashing Dark Knight could ever age a day, but if Cesar Romero can hide a mustache with makeup, anything's possible.

### HOW TO STAY SAFE ON YOUR SUMMER VACATION.....48

Follow MAD's handy survival tips, all of which are just as helpful (or perhaps more so) than hiding under your school desk during a nuclear attack.

## BIRD CONTEXT

MAD People—On the cover of the June issue near where some pigeons are, there is a sign that says, "OUR PRICE \$5.99 CHEAP!" I believe the final word there should be "CHEEP!" Thank you for your attention on this pressing and puzzling matter.

David  
Ithaca, NY

Sounds like a bit of ostrich to us.—Ed.

This photo of young **ALFRED AUGUSTINE**, a.k.a. Pete Buttigieg, comes from his nephew, Jerry Augustine, of Middletown, Connecticut.—Ed.

## HIDDEN AGENDA

You guys are a MAGazine. Does that mean you support he who must not be named (by sane people)?

Gary Eisenstadter, via email

We're actually a maGAZine, in that we're huge fans of the late actor Ben Gazzara.—Ed.

## COFFEE TALK

I recently tried to purchase a copy of your magazine at a coffee shop, and the barista informed me that someone had just left it on a shelf and I could have it for free. I tipped the barista the \$6 cover price, but would you ever consider expanding to cafés? Maybe Alfred could get his own promotional syrup flavor to help sell it?

Rebecca Shure  
Salt Lake City, UT

We Shure have, Rebecca, but café customers said six dollars was too much to pay for a coaster.—Ed.

## A SMALL CORRECTION

Hey, whoever wrote the dialogue for "Awkward, Man," it's "codpiece" not "codpiece" on King Porn, page 3.

Anonymous, via email

We couldn't help but notice that you misspelled "codpiece" in your correction, so we decided we've got bigger fish to fry.—Ed.

## SARCASM FONT

Oh MAD, MAD, MAD. I've been reading your mag pretty much since I could read (we'll just say a looong time). I'm kind of sorry that the first time I'm writing in has to be under these very disappointing circumstances. I REALLY wish you hadn't written in the June issue (No. 7) letters column that, "our dear leader is an ideal physical specimen who is beyond reproach... is also smart, brave, honest..." (sorry, I can't choke out the rest). Unfortunately, since he doesn't understand sarcasm, you've given him more puffery for his ego. He will probably frame this reply. But watch out, MAD, since he will now undoubtedly believe he is actually 50 feet tall, he might decide to try to stomp on your head office.

Melissa Davenport  
Ithaca, NY

He's already stomped on the executive office, so why not ours?—Ed.

## MASCOT BIAS

Is Alfred E. Neuman a Republican or Democrat or anarchist or Bolshevik or socialist or Bernie Sanders fan?

Daniel Staub Weinberg  
Pasadena, CA

Yes.—Ed.

## GOOD TASTE

My daughter recently purchased your magazine with her own money and asked me for a subscription, but then I read it and it is GROSS. IT IS SO GROSS. Why would you send these horrible not jokes to the people of kids? [sic] IT MAKES ME SICK and one day IT WILL MAKE HER SICK TOO I HOPE.

Do we need another western on TV? Nope. Do they keep making 'em? You betcha! Luckily the endless torrent of unconvincing cardboard sets and tired horses has inspired us to bring you MAD's version of one of the thousands of "oaters" littering our television screens. Ah'm a **bounty hunter**! Ah bring criminals to justice to protect decent, law-abiding folks in nowhere towns like yers. Also, I do it 'cuz I need the bread to make a down payment on a fancy development of ranch condos!

You don't need to introduce yerself, ya idjit! Ya been here in episodes 4, 8, and 15 to get yer money for corpses!

I'm **Sheriff Hack-Up**, and those fellers you shot were the son, brother, uncle, and dog of **Major Nathan Monk-Seal Anus**! They're the most **dangerous men** in these parts, and I reckon the Anuses'll be lookin' fer revenge, **bounty killer**!

# THE WISENHEIM MUSEUM

Over its notorious 66-year history, MAD has left its mark on (some might say scarred) generations of creative types! Here in The Wisenheim Museum, we invite those visionaries to pay tribute to (some might say get back at) the magazine that set them on their creative (some might say degenerate) course!

## BECOMING ONE OF THE USUAL GANG OF IDIOTS

by RICK TULKA

I grew up reading MAD, but to be honest, I just looked at the pictures. Those wonderful, wacky pictures! MAD's insanity melted my brain and shaped my sense of humor. As a kid, I never in my wildest dreams imagined that I'd work for them for over 30 years! I got to meet and know my childhood idols: George Woodbridge, Mort Drucker, Al Jaffee, Bob Clarke, Sergio Aragonés, Paul Coker, Angelo Torres, Jack Davis, and Dave Berg! The original Usual Gang of Idiots! Legends! At first it was a bit intimidating. One doesn't just join this "Gang." But I officially felt like an "Idiot" in 1992, after four years at MAD. I was hanging out in co-editor John Ficarra's office when we heard visitors in the hallway. It was a 12-year-old kid and his mother getting a tour of MAD's office. They were introduced to John, and then John casually gestured to me and said, "This is Rick Tulka." Then the kid didn't look very well. His eyes tripled in size, he got kind of pale, and he yelled in astonishment, "YOU'RE RICK TULKA?!" It was the first time anything like that had happened to me. It's been downhill ever since...

For over 40 years, Rick Tulka's caricatures and humorous illustrations have appeared in numerous American and European magazines, newspapers, and books. He and his wife, Brenda—both originally New Yorkers—now happily live in Paris, France.

They gobble up your taxes while

And they're a lot more scary.

# THE GREAT TRUMP BESTIARY

WRITER DAVID SEIDMAN

ARTIST LEONARDO RODRIGUEZ

## THE TRUMP

The Trump says he's a mighty bear  
Who frightens all he meets.  
He'll try to awe you with his roars,  
And yet they're only tweets.  
He may not be a bear at all,  
He's not that strong and potent.  
Is he a scary predator  
Or just a bloated rodent?

## THE IVANKA

The beautiful Ivanka flies  
Above the world with grace,  
And when the world looks up to her,  
She poops right in its face.  
And yet the Trump won't scold the girl  
Or look at her askance.  
He'll never risk his hope and dream:  
To get inside her pants.

## THE KUSHNER

"I love this beast," the Trump declares.  
"I'll give him lots to do.  
I'll give him half the world and then  
Toss in my daughter, too.  
He's just a dumb, entitled brat,  
Inept as he can be.  
So why do I adore him so?  
Because he's just like me!"

## THE DONALD JR.

The Donald Junior thinks he's smart,  
But time and time again,  
His private, secret meetings get  
Exposed on CNN.  
"Don't call me dumb," he says.  
"It's slander, it's barbaric."  
But who could be more dumb than you?  
"Come meet my brother, Eric."

## THE HUCKABEE

Most other bees spread pollen to  
Raise flowers for your vase;  
The Huckabee will only raise  
An eyebrow on her face.  
And other bees make honey, but  
The Huckabee is full  
Of stuff that often drops out from  
The hind end of a bull.

## THE PENCE

The pious Pence says, "God demands  
That women's rights be few.  
But God's no sexist; he believes  
Gay men should suffer, too."  
The Pence means everything he says,  
But some have asked, "Does he  
Spell God's name J-E-S-U-S  
Or T-R-U-M-P?"

## THE STAMPEDE

The Trump has lost a herd of beasts  
That he once called his own,  
Like Christie, Comey, Haley, Flynn,  
Hope Hicks and Gary Cohn.  
Their critics say, "Ya shoulda known  
The Trump was gonna con ya."  
Who's going next? Though no one's sure,  
Our money's on Melania.

I SAW HER STAND-UP THERE DEPT.

Because despite all that **other** stuff, being a **wife** and **mother** is what defined me! People love to laugh at my **self-loathing**, **psychodrama**, and **angst**—who needs jokes? When I'm on stage it's like being at **group therapy**, except only I get to talk! And with a family like mine, that's not so hard!

I'm Gamy Slurman-Palomino—I created this series about a time when the only *Gilmore Girl* alive was the **evil grandma**! Besides the story, I wanted to display the flamboyant **women's wardrobes** of that era. The **only** other time you can see such outlandish fashion is when I appear at an awards show!

Hey, Lenny, I'm the future ghost of Joan Rivers! Not that I look like a **ghost**—this dress makes me look too alive to be on *Fashion Police*! Some say this series is a thinly veiled version of **my** early career. They've got the sets right, the costumes right, the music right—what they don't have right are **facts**! Women comics back then had it **tough**—where's the sexual harassment, the casting couches, the glass ceilings? This show is so **inaccurate**, it should be on the **History Channel**!

WRITER & ARTIST  
TERESA BURNS PARKHURST

After four days of dirt and sweat and crappy camp showers, play a game of What Sticks to Me?!

Look for constellations in your bug bites.

Earn a trip into town and some sympathy by embellishing that skinned-knee incident.

Ma, I had no idea that chipmunks could get so vicious. I guess rabies really can make you crazy-violent. You better hurry—but, I should probably get some french fries or a bacon burger in me so I don't pass out.

Remember, bear spray can be used for other nuisances.

During scary stories 'round the campfire, one-up everyone by inviting the creepiest camper you can find.

ET TU, CUTIE DEPT.

What light through yonder Tinder breaks? It's a possible match! The immortal Bard has discovered all the world's a date these days, and is totally obsessed with the intricacies of online courtship. Wethinks the Sweet Swan of Avon doth sweat too much, and should just put himself out there as he always has: in a sonnet.

You've heard of the masked bat-like crime-fighter and his eight-decade war against the underworld. An imperishable character in the pages of countless DC comics, thanks to his bedside stash of retinol Batcream and the ability to reboot his franchise at the first sign of aging. And so, the champion you know never looks a day over 25. This story, however, is about a different man altogether. If the Caped Crusader were subject to the same laws of gravity even JLo must one day face, we'd have a DCU storyline asking...

## BURT'S BEES

Dear MAD,

My standing desk **definitely** gave me herpes. I consider myself a pretty reasonable guy with certain expectations as to how the world works: fire is hot, water is damp, and those new standing desks my boss Jeremy installed last week **shouldn't** rot my dang lips off my face. I guess life just has a way of throwing you a curveball from time to time.

"But, Douglas!" you might say, "You can't contract a disease from a desk! What a load of horse crap!" Well, first of all, ouch. And second, sure, I would agree, if it didn't actually **happen!**

Let's start from the top. I'm a creature of habit. Every morning at 6:44 AM, I dart out of bed and begin my daily routine:

**6:56 AM:** I drink my coffee from the same Garfield mug my uncle Martin gave me before he shipped off to Desert Storm. I haven't washed it since 1991, which is my way of honoring the troops. Never forget!

**7:14 AM:** As long as Spencer is done with the toothbrush, I'll brush my teeth. (It's my teeth's time to shine!) Spencer is my roommate. We're very mindful of the California drought, even though it's over and we don't live there anymore.

**8:36 AM:** I step outside, take my first breath of that crisp morning air, and French-kiss the mail man (like any good Sacramento boy).

**8:53 AM:** My bus picks me up for my short trip to work. Some of my fellow commuters read the paper, some listen to podcasts, but I'm content to just stare out the window and feel around under my seat. The bus is a great place to get free gum.

**9:00 AM:** I sit down at my desk, individually lick each of my fingers, and get to work.

It's all part of a daily routine that I **never** stray from. EVER! So when I get to do something new like email GIFs of small dogs in military uniforms to my coworkers **whilst standing**, I know where to point my wet finger when something goes screwy. And boy, did things go screwy: ever since my standing desk **definitely gave me herpes**, I've had to give up my regular volunteer shift at the local soup kitchen! (I ran the kissing booth.)

I've been trying to get the word out on this injustice, and I thought I'd try you, too. Sure, standing desks may "increase productivity," but it would be a hot load of **horse crap** to say I don't miss where I was two weeks ago, spinning around in my chair, chewing my bus gum, living it up herp-free.

Thank you for your time,

Netflix changed the way we watch movies. We **used** to watch them in a giant, dark room full of strangers, but **now** you can watch them from the comfort of your **house** full of strangers! Streaming services are already **pretty intuitive**, but our intuition tells us most people are **pretty stupid**. That's why we made this guide to...

# NETFL

**Hi, I'm your Netflecchs guide, BINGEY!**

I'm going to show you how streaming services work, for those of you who were just thawed out of your **World War II cryocapsules!**

WRITER **BLAINE CAPATCH**  
ARTIST **RYAN FLANDERS**

First you need to choose an icon—like me! You can make me look like **whatever you want**, so you don't accidentally click on the wrong account and learn about your family's interests. As long as it's on our list of Netflecchs-owned-or-designed graphics and intellectual properties! Let's see you do that on Amazon! Your move, **Bezos!** Try icons like these!

Next, spend a few hours changing me! I'm this, then I'm that, then I'm completely different, then I'm back to the first thing again! It's a great way to keep yourself from wasting hours watching television.

Now let's spend hours and hours watching television! We have everything...original programming, movies, original programming: did I mention we have **original programming**? Netflecchs has it all! Except that *one* show you really wanted to see. We don't have that. Why don't you ask your boyfriend, Amazon? Maybe **Amazon** has it.

Don't forget to check out our Netflecchs **comedy specials**! We have a new flavor of the month every day, because who has a month in this day and age?

**AMY SCHUMER'S WATER BROKE**

# ECCHS!

Still me, **BINGEY!** You just decided the other icon wasn't working for you and spent another couple of hours changing me. **No worries!** You'll eventually notice **every category** highlights the **same shows**. So let's just search for the show you **want!** It's easy!\*

Our search feature makes it **easy** to find what you **want** to **watch**, but that doesn't mean it will be easy to **watch** what you **find**. Just type a letter or two and our autofill will **slam** you with **every** show we have **except** the one you're looking for, which is probably *The Big Bang Theory*... that's on **Amazon**.

\*Your ease may vary.

# MAD's How to Stay Safe on Summer Vacation!

### Use Protection in the Pool

Don't even think about taking a dip without slipping into your makeshift sterile body condom. You'll thank us later.

### Shower Fully Dressed

There are thousands of reports of hidden cameras in hotel bathroom walls. If you end up on YouTube, it's better to get caught in a wet business suit than your birthday suit.

### Disguise Your iPhone

Keep crooks at bay by making your iPhone look like an outdated piece of crap!

### Don't Use the Hotel Wi-Fi

Don't let hackers steal your identity! Get adjoining rooms with your friends, learn Morse code, and tap "meet me by the pool" on the walls.

### Make Your Luggage Identifiable

A cute ribbon tied to your suitcase won't stop luggage thieves. With just a little imagination (and a lot of magic markers), you can make sure no one goes near it!

## HAKUNA NON GRATA DEPT.

Twist! The wildly successful animated film that was adapted into a wildly successful musical was made into a photorealistic computer-generated animated film and it was...wildly successful! But did the star-studded cast of the reboot get along? Did James Earl Jones really re-record all his lines? And do any of us know the difference between live-action and CGI? Let's leave these questions (and more) unanswered as we look...

"It's okay to cut corners—especially with this magazine. FREE content!!!!"

Ahhh, it's my younger, happier self before I cared about fame.

Annd I just realized Bey was right.

Man, we are so high right now.

CUT!

I'm here for the big finale, though I feel faint. Perhaps I haven't been drinkin' enough WTRMLN.

I've got you, B. Let's give 'em a show they'll never forget!

You heard Beyoncé! Places, everyone!

Annd...ACTION!

I feel like we're barely in this movie.

\*Don't you see what's happening? You ate Beyoncé's food! Her snacks are gone and as a punishment, our scenes have been removed!

You are no longer "childish" A man I Beyon-see. Are you the next Queen B? Impossible! But you could be Queen C!

Can you feel the Glove tonight? Is that a cool nickname? I finally see, that art is bigger than a KENTHPGOP and acclaim!

CUUUT!

...that's a WRAP!

\*To the tune of "Can You Feel the Love Tonight"

Wow! That was everything my old ass wanted.

Huh-huh, that really tore my \$#@% up.

I love you, Bey.

I can't promise I'll remember you, but this has been beautiful.

Incredible, but entirely unusable! Although Donald learned a valuable lesson about...have I been wearing this chef hat all day?

Being the first Beyoncé parodied in MAD Magazine has been a delight, though my husband and I will not comment on it publicly. Thank you! God bless!
